I am glad to learn that Suffolk County Executive's Asian American Advisory Board, County of Suffolk, USA is going to publish a commemorative journal in connection with the celebration of the Seventh Annual Asian American and Pacific Islander Heritage Month. On this happy occasion, I convey my best wishes and congratulations to all the members and office-bearers of the Board.

I am confident that the upcoming event will act as a platform for various nationalities of the region to project their rich culture and tradition. I am sure that it will help create closer understanding and bondages among all.

I wish the event a great success.
