Dear Friends,

Please accept my warmest greetings and congratulations as you gather to celebrate the Seventh Annual Asian-American & Pacific Islander Heritage Month Celebration. I am grateful for the opportunity to recognize the fine work of this organization.

The members of the Asian American Advisory Board have earned the admiration and respect of those in their community, working diligently to provide vital programs and services that contribute to the quality of life in Suffolk County.

This wonderful organization is to be commended for providing the means through which generous acts of public service and hours of dedication can be demonstrated.

I would like to extend hearty congratulations and best wishes to the participants of the Seventh Asian-American & Pacific Islander Heritage Month Celebration. I know your efforts will be a great success for our Long Island Community.

Best wishes for continued success.

Sincerely,

Edward P. Mangano
County Executive
